

Northern Lace

by Elizabeth Lovick

Price List September 2005

Aran and 4 ply yarns

Natural colours £6.00 per 100 g
white, blonde, light grey, mid grey, chocolate plus marls as available

Hand Dyed £9.50 per 100 g

Roving £3.50 per 100 g
white, blonde, light grey, mid grey, chocolate

Please note: For both natural and hand dyed yarns and roving, the exact colour of the fibre changes, often quite dramatically, from batch to batch. This is because the colour of the fleeces determine the final colour of the yarn, and they cover a range of shades within one colour. It is therefore essential that you get enough yarn for your project

Books etc

Switha Cushion

Flotta Cushion
Blanster Jersey and Tunic
Braeland Jersey and Tunic
Quoyeden Jersey and Tunic
Scarves to Match Jerseys
Hats to Match Jerseys
Mitts to match Jerseys

Starting Shetland Lace

This is taken directly from the workshops I have done on the Traditional Knitting and the EZasPi yahoo groups.

This is very much a 'How To' book. It takes you in stages from your first 'yarnover' to knitting with cobweb yarn and designing your own shawls etc. It includes specifically Shetland stuff - like a bit about the history of Shetland lace - and general lace stuff - like tips on how to knit with thick needles and thin yarn, how to chart lace etc. It also has a detailed section on recovering mistakes!! It includes projects like scarves, bookmarks and miniature shawls. It runs to 48 A4 pages plus 12 pages of hints and tips from the EZasPi group.

Contents

Introduction
Needle and Yarn Conversion Table
Suppliers and Washing Lace
Knitting lacy patterns
5 lacy scarves in 4 ply/fingering
Charting lace
Taking Scarves further - cushions, throws, mats
Sampler scarf in 2 ply/lace weight
Bookmarks in 1 ply/cobweb

Shetland Lace History
Taking bookmarks further - scarves, more bookmarks, fingerplates, corsages
More lace techniques
Mini hap shawl
Full size hap shawl
Mistakes
Mini cobweb shawl
Designing shawls
Hints and tips from the EZasPi group.

Extra Patterns for Shetland Lace

To go along side the Workbook I have produced a book of extra patterns. This runs to 45 pages and includes conversion tables for US and UK knitting needle and yarn thickness sizes. They are graded with the easiest first, and include things like boat neck sweaters which are as easy to make as a scarf.

Contents

Needle and Yarn Conversion Table
Suppliers and Washing Lace
6 snoods in 4 ply
Cockle Shell Scarf in 2 ply lace weight and 4 ply
Cushions in 2 ply lace weight and 4 ply
Print of the Wave Cravat in 2 ply lace weight
